FORTY-SIXTH CONGRESS.

DAILY PROCEEDINGS OF THE SENATE AND HOUSE.

The Female Suffrage Petition—Senator Bayard's Resolution—The Public Debt Question.

SENATE.

WASHINGTON, Jan. 15.—Senators McPherson, and Baldwin presented petitions of several women asking a constitutional amendment giving women the right of suffrage.

Senator Allison from the Committee on Finance, announced he was directed by that committee to report back the joint resolution for the withdrawal of compulsory legal tender power of the United States treasury notes. The committee had made a verbal amendment to the resolution, unanimously agreeing to it and that amendment directing report the resolution adversely. He understood there was a minority report to be presented, otherwise he should ask indefinite postponement of the resolution. He asked that it be placed on the calendar for the present. So ordered. Bayard from the same committee presented the views of the minority as follows: The undersigned believing the industrial, commercial, and financial prosperity of the country in order to be enduring and secure, must be based upon money of actual and intrinsic value and that our Government has no power and is incompetent to endow its power and obligations with such value and the United States Treasury notes in existence and in circulation being now redeemable in gold coin at the option of the holder, do recommend the withdrawal of compulsory legal tender power of such notes and the passage of the subjoined resolution.

(Signed) FRANCIS KERNAN,
THOS. F. BAYARD.

[Here follows the Bayard resolution that treasury notes shall be receivable for all dues to the United States, except duties on imports, and shall not be otherwise a legal tender. Admitting the principle of the resolution as to the power of the government to make paper a legal tender, I reserve my action upon the resolution as to the time of the withdrawal of the power given heretofore.

(Signed) WM. A. WALLACE.]

(Reserving the right of amendment.)
(Signed) JUSTICE S. MORRILL.

The minority report was also placed on the calendar.

Senator Morgan presented the credentials of Luke Pryor, appointed Senator from Alabama until the legislature elects a successor to the late Senator Houston. Senator Pryor was sworn in taking the modified oath. The Senate took up the bill to relieve the U. S. Treasurer from the amount now charged against him and deposited with several States. Senator Thurman opposed it. The money belonged to the United States and should be paid according to the original understanding. The morning hour having expired the bill went over and Senator Morrill called for the consideration of his resolution instructing the Finance Committee to inquire into the practicability of refunding the public debt at less rate interests than the per cent. amendment made by the majority in the phraseology of Senator Bayard joint resolution. It is merely a verbal changing of words of United States Treasurer notes to the United States notes.

Senator Morrill speaking in favor of his resolution, said that 365 bonds of the District of Columbia, guaranteed by the United States, are selling at 85½ net. This was the test value of a United States bond bearing less than four per cent. interest. A loan at 350 would necessarily bring less than one at 365. He thought it would be wiser to refund with bonds that will bring the premium, and so reduce the debt by that much, and obtain financially all the advantages possible in the lower-rate interest. He thought such action should be taken promptly, lest the delay would bring less favorable circumstances.

Senator Gordon, from the committee on Commerce, reported favorably on a bill authorizing the Secretary of the Treasury to appoint a Deputy Collector at Lake Charles, La.

Senator Garland introduced a bill to release the Memphis & Little Rock Railroad from the operation of so much of the Acts of 1853 and 1866 as unjustly affects such corporation. Also to authorize the Secretary of the Interior to certify to said road the public lands to which it is entitled under said Acts. Referred.

Adjourned to Monday.

HOUSE.

Mr. Price, in advocating the bill relative to bank reserves, declared himself as opposed to any tinkering with the currency, either as to the quantity or quality of paper which is now circulating. He was also opposed to taking away the legal tender quality of the greenback. All prudent men spoke in thunder tones and said: "Let well enough alone."

After having transacted some miscellaneous business, the House resumed the consideration of the bill requiring one-half of the reserves of National banks to be kept in gold and silver coin of the United States.

Mr. Price, of Iowa, has the floor and is speaking in support of the bill.

Mr. Lewis, of Alabama, followed with a speech in favor of the bill. The morning hour having expired the bill went over without action. After a long discussion on the revisal of the rules in the Committee of the Whole, in the course of which Mr. Hoar, of Michigan, made a humors speech in behalf of the Committee on Manufacturers to which he insisted all other committees should report, the House at 4:30 adjourned.

Latest from Maine.

BOSTON, Jan. 15.—A Lewistown, Maine, special says, the excitement last night was intense. The Futionists openly boast that they have 600 men in Lewiston ready to obey the orders of Mr. Lamson. There are over 60 Fusionists, every one reported to be heavily armed, left for Augusta yesterday by circuitous routes. The Lewiston light Infantry and two Irish Companies it is reported will obey Lamson's orders.

AUGUSTA, ME., Jan. 15.—Fifty men came from Bath last night under command Captain Whittemore having become alarmed by the report that the safety of the capital was endangered. There is good order this morning in every department. The Democratic organ here the *Daily Standard* in reference to the expected opinion of the court, says we have no concern about questions or answers. The State authorities are quite indifferent to both. Sure we are they will have no influence upon action of the property constituted the authorities of the State. Neither the Governor or the legislature will retract or surrender the fort till it is bombarded by more effectual missiles than paper bullets. The Republicans will find out that it is difficult for them to understand that they have got to obey the laws and submit to the lawfully ordained authorities of this State as well as other persons and the sooner some of them learn the fact the better it will be for them.

The Senate met at 10 o'clock and took recess until 3 o'clock this afternoon without transacting any business. In the House the report of the committee on elections giving the seat of Donnells of West Brooke, (Republican) to Merritt W. Styles, (Democrat,) was carried without opposition, and Styles was notified and took his seat. A recess was then taken until half past four this afternoon, Notice was given of the Fusion caucus to be held this evening. Attorney-General McClellan denies the report that he has been preparing a warrant for the arrest of Chamberlain.

The Indians Again.

NEW YORK, Jan. 15.—A Denver special says, Victoria and his Apache followers were overtaken on the twelfth by Major Morrow. Advices from Santa Fee, state that the soldiers came upon the Indians about noon after being closely pursued and greatly harassed for weeks by the Mexican and American soldiers. The Indians halted where they supposed they would be reasonably secure at the head of the Rio Poncha, in the Black Mountains. They fortified themselves behind the rocks and prepared to resist the soldiers and hold them in check until he could secure rest. Maj. Morrow with 200 men soon came up and the fight commenced. Victoria held out well for 5 or 6 hours, maintaining his ground against every assault until sunset when he retreated. Bodies of seven Indians were found on the battlefield. One soldier killed, 2 wounded at last accounts. The Indians had not been overtaken. Major Morrow says he will yet conquer and capture Wily chief and two hardy followers. Reinforcements has been sent to Maj. Morrow.

RIOT IN CHICAGO.

NON-UNION MEN ATTACKED AT THE STOCK YARDS.

One Man Killed and Many Hurt—The Police Repulsed—Aid from the City.

New York Star, Jan. 14th.

CHICAGO, Jan. 13—11 A. M.—The situation at the Union Stock Yards is alarming this morning. Several thousand union men decided to return work, but found their positions occupied by non-union men, and everywhere they applied they were met by the packers with the announcement that their services were not required. The man having been out of work several weeks are in need of food and clothing, and the intelligence that they could not get work made them desperate. Groups of men gathered at various points about the yards, and a portion of the idle packers announced their intention of preventing the non-union men now employed from working. Gangs of about 500 men have been going about the yards all the morning attacking the non union men. All the police that could be spared from the city have been sent out.

2 P. M.—A telegram received a few minutes ago states that the force on hand has been overpowered by the mob, and that the strikers are now stoning them.

A bulletin just received from the stock yards says that 200 policemen are holding the rioters at bay, and they have partly dispersed to Halstead street, and are mainly congregated at the headquarters of the Butchers' Union. All is quiet now at the stock yards.

A brother attempted to interpose, but was seized by the irate father and shot in the breast. The old villain then took to the woods. The shot glanced around one of the ribs of the poor boy, and did not enter the hollow. This was all that saved him.

HARNETT.

HARRINGTON, Jan. 14.—Since Christmas the weather has continued warm and cloupy, till yesterday when it turned considerably cooler, which will be of great benefit to the farmers who have not yet killed their pork. The supply of pork slaughtered and to be slaughtered and to be slaughtered is larger than for many years, which I hope will enable us to move our smoke houses a little nearer home than Baltimore.

Everything seems to have quieted down since Christmas. People are preparing to face the realities of another year.

A small quantity of tan timber will be cut in this section this winter in comparison with last. Persons who engaged in the business last year were so badly bit that they seem loth to take hold of it this year though the price is better. J. M. L. H.

BUNCOMBE.

ASHEVILLE, Jan. 13.—The weather continues the same that has been for some time, warm and changeable from clear to cloudy weather as one would imagine liable to produce sickness, though remarkably little seems to be prevalent.

There seems to be considerable uneasiness on the part of some that the winter will pass by and not get cold enough to make ice for next summer's use.

The news of Asheville and vicinity for this week is about the same as for some past weeks, except that social entertainments seem in a certain measure to be on the wane, though there is to be one at Mayor Summey's this evening.

The religious news of the place is, that on last Sabbath almost all the pulpits were vacant. One brother absent visiting relatives and another about to take to himself a loving bride. Mr. Finley Chunn, of the firm of Chunn, Bros., has also been absent for some days, to return, as we understand, with his espoused. Success to you friends, and would that many more could do likewise.

The business interests of Asheville are continuing promising, and the tax collector of the county tells me that he finds money more plentiful than he has known it to be for years.

The opening sale day of the tobacco warehouse at Mantrace comes off on tomorrow and quite a number from this place will be in attendance. A lively time is expected, and the enterprising young men engaged in the enterprise of the house are bouyant of success.

Serious Disturbances.

VIENNA, January 15.—Specials from Pesth say that serious disturbances have occurred there in consequence of the recent fatal shooting of Herr Verhavay, in a duel with Baron Maitheny. Verhavay was editor of a Radical newspaper and very popular with the masses. The people say that Maitheny, who is the best pistol shot in Hungary, was persuaded by the aristocrats to quarrel with Verhavay and kill him, in order to silence him. Last night a great crowd of students and workmen filled the streets and neighborhood of the Casino Club, uttering hostile cries. They finally stoned the windows of the Club House. The police were repeatedly repulsed by the rioters, and finally two battalions of Infantry charged them with fixed bayonets. Many persons were slightly hurt by stones, sticks and bayonets. About thirty of the rioters were arrested.

A SCHEME FOR THE BENEFIT OF THE SOUTH.

The Southern Bell Telephone and Telegraph Company.

Savannah News, June 13th.

Messrs. James M. Ormes, General Superintendent, and D. H. Louderback, Assistant General Superintendent of the above named company, whose arrival here from Richmond has been noticed, are on a tour through the South making arrangements to introduce the systems controlled by their company in the Southern States.

The Southern Bell Telephone and Telegraph Company is an organization formed some eight or ten days ago, under the laws of New York State, with a capital of $1,000,000, to do, as its name indicates, a general telephonic and telegraph business, and propose to have lines running from their office, 197 Broadway, New York, through New Jersey, Delaware, Maryland, and to Wheeling, W. Va., and from there through West Virginia, Virginia, Georgia, Alabama, North Carolina, South Carolina and Florida.

It is the intention of the company to open telephone exchanges in all towns and cities where the population is large enough to support an exchange.

In addition to the ordinary exchange facilities, the customers will now be able to send their telegraphic messages through the telephone to the office of the Western Union Telegraph Company, where a clerk will be detailed to take all messages orally through the telephone, or the subscriber can call the central office and have a boy come and get his message. This will be of great advantage to business men, especially those who are some distance from the telegraph office.

In addition to the above, it is the intention of the company to connect isolated hamlets and towns with the nearest telegraph office, and thus render an invaluable service to business men of all classes, as it will place them in communication with their customers, where, through any other agency, it would be impossible to do so, on account of an uncertain revenue and expense of keeping a regular telegraph operator without business enough to warrant it.

The telephone can be placed in a store or house without future expense after its first introduction.

They propose to give the citizens of Savannah the advantage of a new system, just purchased by the company, called the Law System. Its operation is as follows: Each subscriber within a quarter of a mile from the central office is to have a separate line from his place of business to the central office for $51 per year, or $5 more for each additional quarter mile. In addition to this private line there will be an additional wire to each subscriber, having about seventy-five on each line. When a subscriber wants the central office, instead of having to ring his bell to call the central office, he simply pushes in a button, which throws his telephone on this round circuit. At the central office there is always an operator listening. The customers are all numbered and when a call is made, the operator at the central office, who has a transmitter in front of him, repeats this call back, the subscriber knows at once that his case has been attended to, and he lets go the button. This throws his telephone on his special wire. The operator at the central office rings the bell in the office with which the subscriber desires to converse, then connects them together on the switchboard and they are in connection.

The advantages of this system is, the customer's bell never rings except when he is wanted, and he never has to ring a bell to get the central office, being always able to go on the round wire and communicate with the central office at once.

The headquarters of the company are at Richmond, Va., in the Piedmont and Arlington building, Main street, where rooms have been especially fitted up for the accomodation of the business. A passenger elevator is being introduced for the convenience of the patrons of the company. The following is the organizat on of the company:

General Anson Stager, of Chicago President; H. McKay Twombly, of New York, Vice President; James M. Ormes, of Richmond, General Superintendent; D. J. Carson, of Richmond, Secretary.

Board of Directors—Hon. John B. Whitehead, Norfolk; General W. C. Wickham, Richmond; Colonel R. R. Bridges, Wilmington, N. C.; General E. P. Alexander, Augusta, Ga.; Colonel Reaves, Mobile, Ala.; H. B. Plant, Augusta, Ga.

Any further information in regard to this subject can be obtained from Mr. H. Griffith, the Manager of the Western Union Telegraph Company. General Ormes, who was unexpectedly called back to New York, will return to the city in eight or ten days.

CHAMBERLAIN DICTATOR.

HE DECLARES THERE IS NO LEGAL GOVERNMENT IN MAINE.

The Usurpers Take Possession of the State House---Affairs Assuming a Threatening Phase.

The latest intelligence from Maine indicates a repetition of the outrages perpetrated in Louisiana and South Carolina in the memorable year 1876. The military has already surplanted the civil authority.

BRIBERY AND MILITARY FORCE

combine to thwart the will of the people and prostrate civil law and liberty. J. C. White, member of the House from Wilton, testified before the Bribery Committee, on the 13th instant, that he was offered $1,000 by his cousin, Wallace B. White, to give up his seat in the Legislature. He refused the offer, and told Thomas B. Swan that the Republicans would beat them, as they were buying Fusion members. He consented to have Swan expose the fraud, and told his cousin that Swan could be bought. He arranged the meeting between Swan and Wallace R. White. He thought that Wallace has but very little money.

Mr. Bartholomew Wentworth, of South Berwick, also a member of the House, testified that on January 3d Charles E. Ricker of North Berwick came to him and offered him $200 to stay away two days. On Sunday the same man approached him again, and offered him $500 in gold and $10 a day for forty days.

Alfred Cushman, of Sherman, testified to efforts made by his son and ex-Congressman Powers to keep him away from the Legislature by first telling him that his wife was very sick, and then offering him money. Senator Noah Barker corroborated Cushman's testimony.

Although Wallace R. White, Howard Owen, and other Republicans have been summoned, they have failed thus far to appear. White has published a card directed to the Chairman of the committee, saying that he declines to appear, for the reason that the committee "are not competent to send for persons and papers, and not competent to administer a legal oath."

General Chamberlain locked up the Governor's private room last Friday, and refused to give up the key until to-day, when it was opened. Telegrams are coming to the Fusionists to "Hold the fort," including one from the Mayor of Biddleford and another from the Mayor of Lewiston. If the programme marked out by the Fusionists is strictly followed the most enthusiastic will find the action of the Legislature sufficiently vigorous to meet their approval. The Fusionists held a caucus this evening at which nearly every member was present. It was decided to move carefully but with decision. Not a member is disheartened or dismayed, but all are determined to stand firm and hold the fort.

The situation is, to say the best, rather precarious. The Fusionists state their case as follows: "On one side stands a Major General of militia, whose only authority is based upon the assignment of our ex-Governor, while on the other is a legally-elected and duly-qualified Governor, and yet the former will not acknowledge allegiance to the latter. The military arm of the State Government will not bow to the wishes of the civil power, though in time of profound peace."

Matters are really assuming a warlike appearance. General Chamberlain and his staff have taken possession of the State House. Mayor Nash, of Augusta is present with a force of Republican special policeman under his charge. County Sheriff Libby is in attendance with his whole posse of deputy sheriffs. The Superintendent of Public Buildings, who has signed a bond to protect and preserve the State buildings and property is utterly ignored, and his authority overruled by the policeman under Mayor Nash. Secretary of State Gove, who is the custodian of all papers and documents, is said to have been ordered by General Chamberlain not to touch one of them; that they are under his (Gen. Chamberlain's) control now. The State officials at the Capitol complain that they are interferred with in the performance of their duties. They are even refused admission to portions of the building unless by pass from General Chamberlain or his adjutant, while the policemen are allowed free ingress to every portion of the building. One of the regular night watchmen, who has been employed about the capitol for the year past, went to the cellar to attend to the furnace. He was met by a squad of special policemen who were in hiding there and informed that his presence was not needed. He immediately drew his revolver and said: "The first man who dares approach me dies." He then drove the policemen up stairs.

The organization by the Republicans of a Legislature which the Fusionists claim is without the least show of legality, is the chief topic of conversation. The fact that the alleged Legislature was called to order by Eugene Hale a sworn in member of the Fusion House, and by Jeremiah Dingly, a sworn in member of the Fusion Senate is remarked upon. The capture of the State House, the breaking in of the doors leading to the chambers of legislation by the Republicans, headed by Mayor Nash, of Augusta, and editor Boutelle, of Bangor, are held by the Fusionists as conclusive evidence that

FORCE IS TO BE RESORTED TO

by the Republicans to overawe their opponents. The roll of this Rump Legislature was read from newspapers of the day, instead of official documents. The Constitution provides that the oath must be administered by the Governor and Council, but they were satisfied with the services of a dedimus Justice. Hale and Young took the oath from this Justice, after having previously sworn before Gov. Garcelon and his Council.

The Fusionists say that this unique organization was brought about by inviting twelve persons to participate who never had any certificates of election, and are no more members of the House than any other twelve men that might be called in from the street. Then out of that number there are only two that have ever received any legal qualification, to wit: Hale and Young. The Constitution especially provides the mode and manner of qualification, which is by the Governor and no one else. The Governor reads or recites the oath, and the member is required to repeat it after him. Besides, both houses, with a constitutional quorum, have already organized and entered upon their duties as Legislators. The Fusionists organized the Senate, all the members thereof being present, and important legislation has already been had by the co-operation of all the Senators. In the House the organization was effected with 76 members co-operating, and 76 is a quorum of the full House.

The questions to be submitted to the Supreme Court by the Republican Legislature will not be finished until to-morrow. The question is asked by the Fusionists whether the court will receive the questions from a body the legality of which is so seriously questioned. Many believe that there is a hitch in the proceedings at Mr. Blaine's residence, because newspaper men were promised the questions last night, and yet they are not prepared at this hour to-night, and will not be until another day passes. The Republicans say that they are very difficult questions, and must be drawn with care. The Fusionists say that the court has intimated their unwillingness to receive the questions from such a body, and hence the Republicans are hesitating.

The following is the correspondence between Acting Governor Lamson and Gen. Chamberlain:

STATE OF MAINE, EX. DEP'T., AUGUSTA, Jan. 12, 1880.

Joshua L. Chamberlain, Major-General Commanding.

DEAR SIR: Having entered on the duties of Governor of Maine under critical circumstances, it is important for me to understand whether you are prepared to recognize my authority as such. Respectfully,

JAMES D. LAMSON, Governor.

GEN. CHAMBERLAIN'S REPLY.

STATE OF MAINE, AUGUSTA, Jan. 12.

To the Hon. James D. Lamson:

SIR: I have the honor to acknowledge the receipt of your communication informing me that you have entered upon the duties of Governor, and desiring to know if I am prepared to recognize your authority as such. The gravity of the situation, and the importance of my answer to your question, demand that I should give to it the most earnest attention. I am acting under the authority devolved on me by virtue of the following letter:

STATE OF MAINE, AUGUSTA, Jan. 5.

Special Order No. 45.—Major-Gen. J. L. Chamberlain is hereby authorized and directed to protect the public property and institutions of the State until my successor is duly qualified.

ALONZO GARCELON, Governor.
(Signed)
S. D. LEAVITT, Adjutant-General.

In the attitude which things have now taken the responsibility resting on me under this order involves the liberties of the people, their most sacred property, and the stability of constitutional government, their highest institution. I am thankful that you feel and understand this, and realize equally with myself the importance of our proceeding with caution. Your inquiry virtually calls upon me to decide a question of constitutional law, which is a matter falling not at all within the province of my department. In my military capacity I have not the privilege of submitting such questions to the only tribunal competent to decide them. The Constitution declares that Justices of the Supreme Judicial Court shall be obliged to give their opinion upon important questions of law and upon solemn occasions when required by the civil branches of the Government, but that privilege is not accorded to the military department. Supported by a decision of the court, I should obey without a moment's hesitation, but solemnly believing that if, at this juncture, I abandon my trust there will be no barrier against anarchy and bloodshed. I cannot, under the present circumstances, recognize your authority as Governor of Maine. There are only two ways to settle the questions now at issue and agitating the public mind—by following strictly the Constitution and the laws, or by revolution and bloodshed. In this alternative, and standing where I must be judged by my God and man, I can only hold fast in my place and implore those who have power to decide these questions by appeal to the peaceful course of law.

Believing that this answer must commend itself to your judgment as the only one possible for me to give, and, with the highest respect and esteem, I have the honor to be your obedient servant. J. L. CHAMBERLAIN, Major-General.

Wake Superior Court.

Lecture of Dr. Mendelsohn.

At the request of the Hebrew Union, of Raleigh, the Rev. Dr. Mendelsohn, of Wilmington, N. C., will deliver a lecture on "Woman, her Conservatism and Station in the Talmud," at Tucker Hall, in this city, on Tuesday evening, the 20th of this month. Dr. Mendelsohn delivered this lecture in Wilmington some fifteen months ago in aid of the yellow fever sufferers, when it was largely attended by the *elite* of that city, and received the highest encomiums from the press and people. We are satisfied our people have a rare treat in store for them. Let us give this illustrious Rabbi a warm reception and a large audience, particularly as one-half of the proceeds go to the Oxford Orphan Asylum.

Important to Teachers.

Every teacher in the State ought to have a copy of Mr. Alfred Williams & Co.'s complete catalogue of school books. The catalogue is just a convenient size for carrying in the pocket and teachers will find it of great value. It will be sent free on application.

Died.

At his residence, in this city, last evening at 8:30 o'clock, Mr. P. C. Walker, after a very brief and severe illness. His remains will be conveyed to his former home near Mebaneville, in Alamance county, this evening for interment.

No More Hard Times.

If you will stop spending so much on fine clothes, rich food and style, buy good, healthy food, cheaper and better clothes; get more real and substantial things of life every way, and especially stop the foolish habit of employing expensive, quack doctors or using so much of the vile humbug medicine that does you only harm, but put your trust in that simple, pure remedy, Hop Bitters; that cures always at a trifling cost, and you will see good times and have good health. SAMUEL J. TILDEN.

HIS STANDING IN THE STATE OF NEW YORK.

Fifteen Papers in New York State Declare for the Venerable Old Statesman.

New York Times, Jan. 13th.

Democrat, Uniontown, Fayette county. For Tilden. The general feeling among the people here, so far as we know, is that Mr. Tilden was cheated out of the Presidency in 1876, and ought to be nominated again. General Hancock has many warm supporters in this section. The nomination of Seymour would give general satisfaction. The nominee, whoever he may be, will get the full support of the party.

Linesville Leader, Linesville. For Tilden. Nine out of every ten Democrats in Crawford county are in favor of Tilden.

Valley Spirit, Chambersburg, Franklin county. For Tilden. A very large majority of the Democrats favor Mr. Tilden, and our County Convention in August last enthusiastically passed a resolution favoring him as the candidate for 1880. There are, of course, some who have other preferences, but there is no decided objection to Mr. Tilden by any one, so far as we have learned by conversation and correspondence.

The Hanover Citizen, Hanover, York county. For Tilden. We sincerely believe that the great majority of this thoroughly Democratic county desire to see the man inaugurated on the 4th of March, 1881, who was so villainously robbed of his position in 1876. There is not a Democrat in this section but who will be proud to cast his ballot for our "Uncle Sammy."

Herald, Butler. For Tilden. Our people believe that Mr. Tilden was elected fairly in 1876 by a majority of the votes cast, and that to refuse him the nomination in 1880 is to virtually say there was no sincerity in that behalf.

Bristol Observer, Bristol, Bucks county. For S. J. Tilden or Democratic nominee. The only decided expression so far exhibited is against Grant. Democrats are perfectly willing to accept Bayard, Hancock, Seymour, or anybody the National Convention may select. Tilden's name is mentioned with protests from the stiffer sort, because he made no effort to enforce his rights in 1876, but these become weaker as the time shortens the approach to the National Convention.

Pennsylvania Argus, Greensburg, Westmoreland county. For Tilden. Westmoreland Democrats will support the nominee; Lilden, Seymour, Thurman, Hendricks—all favorites, satisfied with either. Opposed to the whole system of national banks. A warm feeling in favor of Governor Garcelon, of Maine.

Democratic Chronicle, Shippensburg. For Tilden.

Schnellpost, Hamburg, Berks county. For Tilden. Democratic county convention of 1879 passed a resolution unanimously favoring the nomination of S. J. Tilden for the Presidency in 1880.

Mauch Chunk Democrat, Mauch Chunk. For Tilden first; Randall second choice. The sentiment among Democrats here is favorable to Mr. Tilden's renomination. The delegates to the Democratic State Convention are instructed for Tilden.

American Volunteer, Carlisle, Cumberland county. For Tilden. The sentiment of the Democratic voters I believe to be decidedly in favor of Tilden.

Northampton Correspondent, Easton. For Tilden. The people are for Tilden, but the politicians are against him.

Review and Examiner, Washington, Washington county. For Tilden. I am satisfied that a large majority of the Democrats in Washington county favor the nomination of ex-Governor Tilden. They believe that he was swindled out of the honors of the election in 1876, and that they were defrauded of the fruits of the victory then won. It is their desire, therefore, to re-elect him.

Spirit, Punxsutawney, Jefferson county. For Tilden. Our people want Tilden almost to a man.

Daily City Item, Allentown. For Tilden.

NEWBURG, N. Y., October 20.—H. W. WARNER & Co., Rochester, N. Y.—Gentlemen: "A lady of over seventy years of age, in failing health for over a year, has been using Warner's Safe Bitters on my recommendation. She feels very grateful for the benefit she has derived therefrom, and says that until she used it her stomach could bear no vegetable food for over three years. I believe it to be a certain specific for dyspepsia.

"Art is long, and time is fleeting." Music will find an echo in the human heart forever. Success to the "musicales" which it is understood are in contemplation by the belles of the West End. It has not been announced when these charming entertainments will begin, but it is presumed about Lent, as the gay season will then have ended. Rich in talent and musical development, rare enjoyment may be anticipated from our West End amateurs. Speaking of music naturally reminds me of a superb piano heard not long since at the White House. Entranced by its exquisite tone, those present found upon inquiry it was one of Knabe's concert grand. And never did instrument more impress as to its wonderful power, compass, and purity of tone. In almost every house of note in Washington may be found a Knabe grand. Mrs. Robeson, famed for her musical taste, gives these instruments the preference over all others. And nearly all of our leading musicians prefer them on account of their exquisite delicacy as well as their great power and durability.—*Washington (D. C.) Herald.*

Entirely Recovered.

NEW YORK CITY, June 16, 1879.—H. H. WARREN & Co.—GENTLEMEN:—I hereby certify that my wife has been using Warner's Safe Kidney and Liver cure for Bright's Diseases, and she is now entirely recovered. When all physician's remedies failed, she was induced to try your remedy, and received beneficial results from the first bottle. After taking four bottles she was entirely cured Yours truly,

CENSUS SUPERVISORS.

It was given out some weeks since that General Walker, Superintendent of the Census, had determined to recommend to the President the names of persons deemed suitable for census supervisors without regard to politics. It was thought that with this understanding it might reasonably be assumed that about one-half of the supervisors would be selected from the Democratic party, and so far as the Southern States were concerned that all, or very near all, would come from among the Democrats. But the Republican Senators and members have generally manifested dissatisfaction at this arrangement, as, in addition to other objections, they allege that Democratic supervisors in the South will be apt to exaggerate the amount of population in order to retain if not increase the present representation of the South in the National House of Representatives. As a consequence of this feeling, says the New York *Sun*, several Republican Senators lately called on Mr. Walker to ask that Republican supervisors be appointed in the South, but they came away quite dissatisfied, and some of them charge Mr. Walker with being a Democrat or a Bristow Republican, which they say is no better. These Senators either do not consider or wilfully ignore the fact that if capable men are to be appointed in the South they must necessarily, to a great extent, be taken from the Democratic party in that section. It is understood that the list of supervisors as made out by Mr. Walker has been completed, and is now in the hands of the Secretary of the Interior, who will revise it, and then hand it to the President, who may also make some changes before sending it to the Senate.

POLITICAL NOTES.

Senator Bayard admonishes the Democrats to denounce any act, legislative or judicial, exercising power not delegated by the constitution and laws. He further exhorted them to stand once more in the ancient pathways of the constitution and "prove that the success of the Democratic party at the polls means a return to constitutional bounds in every department of the government, and the subordination of every official, high and low, to the spirit and letter of the only supreme law of the land."

The political significance of Senator Don Cameron's position as chairman of the National Republican Committee, it is claimed, has been persistently misunderstood. He is a personal friend of Grant, is related by marriage to Sherman, and long since made peace with Blaine. Still he is neither a Grant man, a Sherman man or a Blaine man; but, on the contrary, is an out-and-out Cameron man. The Pennsylvania delegation to Chicago, if Mr. Cameron can control it, as he probably would like to, will be a Cameron delegation, to be swung into line for that candidate, be he Blaine, Sherman, or the ex-President, who appears to have success on his side.—*New Orleans Democrat.*

The latest Tilden gossip is to the effect that the old man of Gramercy Park has about secured a majority of the stock of the Pennsylvania Railroad Company by the formation of a syndicate for that purpose in New York, and that, in order to checkmate the movement, it has become necessary for the inside management of the road to secure control of the 60,000 shares of stock owned by the city of Philadelphia. If the syndicate is successful it is thought that the Pennsylvania Railroad Company will no longer be a potent factor in Republican politics in the States of Pennsylvania and New Jersey.

A well known journalist of Philadelphia, who was one of a number of German Republicans recently interviewed in regard to their attitude towards a nomination of Grant for a third term, says: "No more empire for us, we have had enough of it across the water. We left our Fatherland to escape the tyranny of an Emperor, and we want no new Kaiser in America, even though he were Ulysses I. Such is the battle-cry of the German citizens of the United States against a third term."

Where the Ship is Drifting.

Farmer and Mechanic.

The Charlotte *Observer* joins the Raleigh *Observer* in an unfavorable view of the syndicate offer with regard to the Western North Carolina Railroad, or perhaps we should say favors the postponement of the matter until the next Legislature. But, we learn that Mr. Best, representing the syndicate, declared positively in answer to inquiry by the Board, that the proposal could not remain open until that period, as the syndicate had other investments of nearly equal promise in view. However, even were this not the case, we can see many reasons for acting promptly, *if ever*. Twelve months from to-day will find near one hundred thousand dollars of taxes, interest on the bonds and the road's earnings, added to all that have gone before. Besides, as the State has voted its immense appropriations *to get the road built*, not to make any profit from the road; (no sane man expects a dollar of dividends from the road, under State management, for twenty years to come;) and as the syndicate can be forced, by the terms of the contract, to complete the road within *half* the time the State requires to finish it, surely it is an occasion for prompt action—*if ever*.

One other consideration we have reserved until the last, though really the first, in our judgment, to wit: *the elimination of the "Railroad question" from our State politics*. It needs no spirit of prophecy to foretell that upon this rock the Democratic ship is daily drifting in a manner that means shipwreck if there be not rare steering and the best of pilots. Already the majority of the Republican papers in the State have declared against continuing the heavy taxes for railroads. Already there are thousands, yes *thousands*, of Democrats in Piedmont, and Middle, and in Eastern Carolina, who declare that, inasmuch as *their* counties have never had a dollar of aid to build railroads, they cannot see why their hard earnings should go, year after year, to build a road which, sooner or later, will fall into the hands of speculators, and become a mere link in a through line, etc., etc.

It is needless to say those complaints can be met and explained in a very plausible manner. Unfortunately men convinced against this will, are apt to retain their own opinion still. They will do it. The ballot box is certain to show it.

Were the road sold, (thereby replacing nearly a million dollars in the Treasury), the "Mud Cut Boom" would be laid at rest, the road would be pushed to completion, and the much promised greatness of results would begin.

Correspondence of the NEWS.

January 13th, 1880.—Winter comes at last, and the farmers in Richmond, Moore, Chatham and Wake are taking advantage thereof.

Many a swine was slain to-day, and the serious drain on the corn-crib checked.

Ice everywhere along the way, and gray crisp frost, with clear skies and bracing air, make the day a delightful one.

At Sanford I learn there had been some briskness in the matrimonial market. The clever and accommodating agent at Sanford still enjoys his honey-moon, and there is no one who deserves a word of praise more than Thompson White. Many friends in Warren, as well as Moore, congratulate him on his happiness.

Last week too, the popular Methodist minister stationed at Washington, having previously captured, (or been captured?) carried off one of the most attractive ladies of that section.

Rev. Mr. Doub and his fair bride, Miss Bryan, daughter of N. R. Bryan, Esq., of Jonesboro, after spending a few days among the groom's relatives in Wake and Franklin, go on to Washington. Few ladies will be more missed.

Bingham boys got on at several stations—Sanford, Apex and Cary. Their conduct was such as might be expected from those who wore the "B. S." uniform, and was the theme of every one's praise.

Cotton still comes in. Sanford has marketed nearly a thousand bales and Apex nearly six hundred. The spirits of the people are lively and old debts are paid up and trade continues brisk. The day of small things must not be despised. The trade in Sanford is nearly double what it was a year ago. Major J. W. Scott, of Haywood, has recently opened a store and competes for business. So that things look livelier for the future. Colonel Page at Sandford and the General at Carey treat their wayside guests admirably. Commercial travelers who test all goods, say that no such railroad houses can be found. The table especially is always all that can be asked.

Several families have recently moved in to the enterprising town of Apex, attracted by the lumber trade, the school advantages and land at reasonable rates near by.

Altogether the outlook along the rote is favorable and the prospects are encouraging. Raleigh may well look to her interest and cultivate this trade. The heaviest frieghts that go into your city, I learn, pass along the R. & A. A. L.

Thanks to Captain Dailas Ward, universally popular, for favors. N. D.

No Place Like Home.

New Orleans Democrat, Jan. 13th.

In the spring of 1878 the clipper-built sailing vessel Azor, with some three hundred negroes on board, left Charleston, S. C., for Liberia. Among the exodusters was Aunt Eliza Young, who had been a slave on the plantation of Major W. A. Wilkins, near Waynesboro, Ga. With her was a considerable brood of younger and some older colored folks from the immediate vicinity, who had been living in the manner in which nearly all of the negroes lived after the war—in their huts on the plantations on which they were born. Major Wilkins, who had been one of the largest slaveholders of Georgia, tried to persuade the negroes to stay on the old plantation, but without success. They were all excitement over the prospect held out to them to induce them to join in the exodus. More than a year passed, and then the Major received a letter from Aunt Eliza filled with regrets, and saying if she could only once more see her old home she would be content to die. To this Major Wilkins, on the eighth of December last, replied by sending on a check for $250, which will be sufficient to bring Aunt Eliza and others back to the old homes from which they were enticed by unscrupulous advisers.

Justifiable Homicide.

FRANKLIN, LA., Jan. 14.—To-day Sidney Cole, aged about nineteen, and owner of three fourths of the Chatsworth plantation, rode up to the gate of J. B. Wofford, manager of the plantation and informed Wofford that he had come to kill him. Wofford expostulated in vain. Cole dismounted and advanced, pistol in hand, toward the house. Mrs. Wofford, realizing the danger of her husband called out to Wofford to arm himself, which he did by seizing a shot gun and stepping out confronted Cole, who continued to advance saying: "I have come to kill you, damn you. I mean business." Whereupon Wofford remarked to him: "If you mean business here it is," at the time discharging his weapon the load taking effect in the breast of Cole, killing him dead. Wofford immediately come to town and surrendered to the sheriff, but was afterwards discharged from custody. The coroner's jury returned a verdict of excusable homicide.

Hunting the Man who Promised to Marry Her.

Charlotte Observer.

A widow woman from Columbia arrived in the city yesterday and lodged a somewhat unusual complaint at the office of Justice Davidson. She said there was a man in Charlotte who promised to marry her and had failed to fill the contract, and she was desirous of knowing what she could do to compel a compliance with the same. She stated that their two lives were to have been united on the 24th of December last, and that all the preparations for the important event had been made, but when the time for the important event arrived, her affinanced was not there, nor had she received from him one word of explanation of his cruel and hartless absence. He had even gone so far as to purchase his wedding suit which had been deposited with a mutual friend until he should call and claim his own.

The magistrate heard the woman's story and issued a summons for the man to appear and answer the charge of breach of contract, with damages to the amount of $50, this sum having been put down because suits of this sort for greater amounts do not fall within the jurisdiction of a magistrate. The man appeared and the two were allowed a few minutes private conversation, after which the complainant agreed to stop the suit for the present and to return and report to the magistrate later. At last accounts she had not appeared, and it is persumed that her perseverance, with her leap year privileges has won her a husband.

Guilty of Wrong.

Some people have a fashion of confusing excellent remedies with the large mass of "patent medicines," and in this they are guilty of a wrong. There are some advertised remedies fully worth all that is asked for them, and one at least we know of—Hop Bitters. The writer has had occasion to use the Bitters in just such a climate as we have most of the year in Bay City, and has always found them to be first-class and reliable, doing all that is claimed for them.—*Tribune.*

Mrs. Winslow's Soothing Syrup.

Rev. Sylvanus Cobb thus writes in the Boston *Christian Freeman*:—We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge. In our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as brightas a button. And during the process of teething, its value is incalculable. We have frequently heard mothers say that they would not be without it from birth of the child till it had finished with the teething siege, on any consideration whatever. For the News.

Lines in Memory of Little Minnie.

October days! October skies!
What memories do ye bring to me,
Of tender words and fond replies,
And joys that nevermore may be!
A father's smile seems blent with thine;
He loved thee, bright October, best,
And one whose life was linked with mine,
Was laid to sleep upon thy breast.

'Tis but a year ago to-day,
We stood together, all alone,
And brushed the withered leaves away,
That moaned beside his burial stone.
She paused and laid her little hand
On mine, in her sweet, earnest way,
And asked: "Oh! can you understand
Why some must go and some must stay?"

"Not here, dear child, I cannot tell;
Life is a mystery, dark and deep;
I only know He doeth well
Who giveth His beloved sleep.
I only know, to live and trust,
And thank the Father day by day,
Though cherished forms have turned to dust,
That those are spared to cheer my story."

Her arm around my neck she twined,
Another round the cold white stone,
And with the sad, autumnal wind,
Her low voice joined, in plaintive moan.
At length she spoke: "Come, mama, kneel,
And here beside him let us pray
If death should come our doom to seal,
That both may go, or both may stay."
Then closer to my yearning heart,
I fondly pressed my cherished one,
And murmured "Should he bid us part,
May either, 'ery Thy will be done."
But twixt quick, bursting sobs, she said,
"Oh! may I never see the day
When thou beneath this sod art laid—
When thou must go and I must stay."

Dear, precious, darling child 'tis well;
He knew that I could bear it best;
When on our home death's shadow fell,
And thou wert only called to rest,
He knew thy gentle heart would break
Should hopes be cherished, or friend betray;
And so in love, for thy dear sake,
He called thee hence, and bade me stay.
Smile not on me, October skies;
But gild the spot where they uprose,
And autumn winds, go, swift my sighs,
To withered bud and parent rose.
The lovely arm that clasped the stone,
Is mouldering in his grave to-day;
While I afar, an left to mourn,
That some must go and some must stay.

Yet not alone; on viewless wings
Her deathless soul is hovering nigh
To whisper of the glorious things
That wait the mourner by-and-by.
She points me with her shadowy hands
Beyond the clouds to endless day,
And tells me now she understands
Why some must go and some must stay.

Cuticura

BLOOD AND SKIN HUMORS,

The Scourge of Mankind. Old Methods of Treatment and Remedies a Failure.

CUTICURA RESOLVENT, the Great Blood Purifier and Liver Stimulant, is the most searching, cleansing, and purifying agent of this country. It may be detected in the saliva, sweat, milk, blood, and urine in forty minutes after taking the first dose, showing that it has entered the circulation, and been carried to every part of the system. It forever eradicates the virus of Syphilis, Scrofula, Cancer, and Canker, those terrible blood poisons that rot out the machinery of life, filling the body with foul corruptions. Taken internally in conjunction with the external application of CUTICURA, the Great Skin Cure, it speedily cures Scrofulous Ulcers and Old Sores, Salt Rheum, Psoriasis, Tetter, Ringworm, Scald Head, Dandruff, and all Itching and Scaly Diseases of the Skin and Scalp.

ECZEMA ON THE SCALP.

BREAST AND LIMBS CURED.

Messrs WEEKS & POTTER: Gnalemen—I cannot refrain from ad ing my debt of gratitude to you for having placed within my reach the wonderful CUTICURA REMEDIES, which have rendered unnecessary all further experiment of physicians, and in a remarkably short space of time have rid me of a loathsome disease. I dispensed with all physicians two years ago believing they did me no good. The CUTICURA has stopped this unsatisfactory expense—even if it were necessary and I had the courage any longer to follow their advice—and brought the long-looked-for cure and happiness.

I have been afflicted with Eczema or Salt Rheum on my scalp, breast, and limbs for five years, during which time I have been under the treatment of physicians, or at mineral springs, or taking some kind of medicine. I have been treated by Drs —— of ——, Dr. —— of ——, and visited sulphur springs and taken numbers of patent medicines, all without the faintest approach to a cure.

April 1st last, I began the use of CUTICURA, which was immediately successful in my case, entirely curing me. I have not had a clean scalp for 15 years until the use of CUTICURA entirely healed it and left it clean and healthy. The other parts of my body were affected in a more aggravated form, but are now completely healed. I believe myself completely cured. I shall continue the CUTICURA RESOLVENT as directed, for its wonderful action on the stomach and bowels and cooling influence on the blood. It will afford me pleasure, as I have done in many cases, to urge the afflicted to use these wonderful remedies.

Yours, etc.,
STEPHEN CROWELL.
NEW BEDFORD, Sept. 30, 1878.

A RUNNING SORE

VEST POCKET CURE
25 DYSPEPSIA 25
CLERGY & DOCTORS TESTE

Rev. Dr. Mangum, Prof. Univ. of N. C, I concur with Bishop Doggett in his estimate of the Vest Pocket Cure.

Rev. Drs. Jeter, Broaddus, Dickinson, (Bap.) It is indorsed by the direct personal testimony of men of national fame and strictness of speech. It is not too much to say that no medicine ever had such support in its favor as a specific. The word of any one of the eminent divines who underwrite this antidote to dyspepsia has deserved weight. Their united witness joined with the experimental use and approval of the preparation by well-known physicians, removes all doubt. It is beyond question, a wonderful therapeutical agent.—Editors Religious Herald, Va.

Chapiain Randolph Macon College, Va. Many cases of Dyspepsia within my knowledge have been cured by it. Cramps, Colics Headaches and all sorts of pains from indigestion yield promptly to it. The cures of this sort are innumerable.

Rev. R. L. Dabney. LL. D., Col. Va.
It is highly esteemed here by the regular Medical Faculty and the people It is excellent for indigestion and flatulent colic, sedative, soporific, tonic, slightly aperient, without nausea.

Rev. B. F. Woodward. P. E., Na. Conf.
About twelve years I suffered from Dyspepsia. Failing in with this remedy, I gave it a fair trial. After its use I could eat anything with impunity. I am sure I am indebted to this medicine for what of health and physical comfort I have had for the last sixteen years. I have known many since to be relieved by its use.

Rev. Robert W. Watts, A. M., Va.
I have used the mixture in my family for years, and have taken it for a Dyspepsia Colic, which threatened my life, and was cured, eating any diet without hurt. I have recommended it to other sufferers with happiest results. It is the best tonic and corrective I ever knew. For prostration from Dyspepsia or Liver Disease it is invaluable.

J. D. Eggleston, M. D., Va.
It is a highly valuable remedy, and is more extensively used than any single article in the whole list of medicines, so far as I observed in my practice, for all the complaints in famille from indigestion I use it and recommend it.

Editor Richmond Christian Advocate.
This remedy is of tried virtue. I have seen Dyspepsia cured completely by it. It seems to be an antidote to our "National Disease." The ingredients are not kept by the apothecaries, and have been difficult to get.

Also the place on which I now live, corner of Wilmington and Davie streets, containing about ½ acre. It is one of the most valuable lots in Raleigh, right in the heart of the cotton trade. Terms easy. Same as above.

Drug Store for Sale,

In one of the best business towns in N. C., doing a good retail business. Stock and fixtures first-class, amount about $2,000. Best location in the place. Good reasons for selling. Address, BOX No. 279, Raleigh, N. C.

A Rare Chance for Investment.

Wishing to give my whole attention to the lumber trade, in which I am about to engage on a larger scale than ever before, I offer for sale on terms to suit the times the following valuable property in Cary:

I.

MY PLUG TOBACCO FACTORY, in a BRICK building 50x80 feet, 3 stories high, the lower story being two large storerooms. The TOBACCO MACHINERY is new and has a capacity of manufacturing 1,000 lbs. per day. The factory has been worked a year, and a good beginning for a trade has been made. The building and the machinery will be sold together, or separately to suit purchasers.

II.

GRAIN MILLS,

in a 3 story brick building, 28x40 feet. Two Wheat Mills and one Corn Mill, new and complete with a capacity for grinding 100 bushels of wheat and 100 bushels of corn a day, and can compete in quality of flour with any mills in the State. The mills have had a very large local patronage during the past year. They are driven by a 60 HORSE POWER STEAM ENGINE, improved, of the make of Talbott & Sons, Richmond.

Attached to the engine is also a 60 Saw COTTON GIN and power press, at a safe distance (about 100 feet) in a different lot. The engine has a brick smoke-stack 60 feet high, making the danger from fire the least possible and the rate of insurance very low.

III.

Several well built and handsome residences, with lots and gardens of about 1 acre to each dwelling. They are wooden buildings, 2 stories high, with from 5 to 7 rooms each situated in desirable locations in the village.

Besides these, 4 one acre lots, with cottage buildings of 2 rooms.

TERMS: One third Cash; balance on reasonable time.

——Col. John M. Robinson, President of the Raleigh & Gaston and the Raleigh and Augusta Air Line Railroad arrrived in our city on Wednesday evening.

——The private car of President Robinson has just been thoroughly overhauled and painted in the shop of the Raleigh & Gaston Railroad. It will hereafter be known as the "Roanoke" the name most beautifully painted on each side. The painting of this car, executed by Mr. Farnsworth, the head of the paint department, would do credit to any establishment in the United States. The whole job is in good taste and execution.

——Buffalo Bill, with his new and singular attractions, that form so strong a combination, cannot be denied as being one of the best drawing cards that visits our city. The rough, wild border life he illustrates, aided by genuine and untutored savages is not without specific attracting power. The dramatic company, composed of some twenty odd people, are above the average that generally comprise a traveling organization, and sustained the different roles assigned them creditably. No doubt this, the last appearance of the combination, will be greeted with a crowded house, as it has been awarded with crowded houses all during the week.—*Baltimore American.*

——Among the many points of superiority of the American over people of any other nationality must be noted his ability to keep, under all circumstances, a book which he has borrowed. Had the custom been properly fostered abroad, Europe might perhaps compare favorably with us, but the proud fact remains that she does not. Europeans are not generous enough to lend books or impudent enough to borrow them, which the American character is big enough to develop both of these qualities to an astonishing extent, and these observations may apply with equal force to umbrellas. There are many who seem to think books and umbrellas common property, to which they have a sort of hereditary right.

Says I.

There is no subject which offers a more interesting and profitable view to our investigation than that of Emerson Fisher & Co's. top buggies. There is none fraught with more wisdom, skill and beauty. And none which better enables us to behold the utter insignificance of the structures of others offered to the traveling public. If you should want one of those stylish, well made buggies call on W. Why Will You

Allow a cold to advance in your system and thus encourage more serious maladies, such as Pneumonia, Hemorrhages and Lung troubles when an immediate relief can be so readily attained. *Boschee's German Syrup* has gained the largest sale in the world for the cure of Cough, Colds and the severest Lung Diseases. It is Dr. Boschee's famous German prescription, and is prepared with the greatest care, and no fear need be entertained in administering it to the youngest child, as per directions. The sale of this medicine is unprecedented. Since first introduced there has been a constant increasing demand and without a single report of a failure to do its work in any case. Ask your Druggist as to the truth of these remarks. Large size 75 cents. Try it and be convinced.

Louisiana's Vote on her Constitution.

A despatch from New Orleans, dated January 1st, states that the board of canvassers that day completed the official count of the vote for the new constitution. It was adopted by a majority of 59,148. The debt ordinance was adopted by 10,487 majority. The test question of the integrity of the franchises of the Louisiana State Company was, therefore, handsomely endorsed by the citizens of New Orleans, after an experience of the past twelve years of strict honesty and exact fairness. The particulars of its next (the 117th) drawing may be had by addressing M. A. Dauphin, New Orleans, La., or same person at No. 319 Broadway, New York City, N. Y.

Don't Trifle With the Teeth!

If our teeth were renewed as our nails, they might not need constant care. But teeth don't repeat themselves after childhood. The proper thing to do is to use SOZODONT, which preserves their health and beauty. It never fails.

What Physicians at Home and Abroad Think of the Seven Springs Iron and Alum Mass.

In the treatment of Dyspepsia, Chlorosis, Anæmia, Nervous and Muscular Debility, Nervous and Sick Headache, Dysmenorrhœa, Menorrhagia, Amenorrhœa, diseases of the Kidneys and Bladder and such like organic or functional disturbances, I know of no remedy upon which I can rely with more certainty of satisfactory results than the "Seven Springs Mass."
W. F BARR, M. D.,
Abingdon, Va.

I have found no one single remedy to yield such satisfactory results as the "Seven Springs Mass." In the treatment of Dyspepsia, Chronic Diarrhœa, Anamia, Chlorosis, and for Chronic Eczema, I find it invaluable, associated with appropriate topical treatment.
GEO. T. HARRISON, M. D.,
New York City.

From my experience with the "Iron and Alum Mass," I believe it will prove the best medicine we have in use, for chronic diseases.
G. M. D. PATTERSON, M. D.,
Eaglewood, Texas.

For Dyspepsia, Ulcerations of the Throat, Inflammation of the Neck of the Bladder, Leucorrhœa, etc., the "Seven Springs Mass" seems to act with almost specific effect.
E. O. GRIGSBY,
DeView, Ark.

We could extend this list into the thousands with such testimonials from physicians from every State in the Union, but these are sufficient to indicate its application. The reputation of the remedy is too widely known to waste words upon its character. In ordering from druggists always mention Seven Springs Mass. Price $1 per package or six for $5, sent by mail, postpaid.

Good Living.

The secret of good living is of vast importance to all mankind. Every good liver knows this—but when the liver is bad, then take Rosadalis, the the great Southern Remedy, and Mott's Liver Pills. They are sure to restore you to health.

Vigor of Mind and Body.

Every person would have more vigor of mind and body, and mental clearness were they to use a daily diet of unbolted wheat flour. Mix with the flour dry, Dr. Price's Cream Baking Powder, stir in pure water, from a soft batter, bake in gems or buscuits, and the result will be the most nutriflous article of food that can be made.

The Truth.

In the whole United States there is not a flavoring extract that is so valuable, so positive, so effectual in producing the most delicious, desirable, and delicate flavored cakes, pastry, ice cream, etc., as Dr. Price's justly celebrated Special Flavoring Extracts.

All of the the popular brands of cigars, smoking and chewing tobacco will be kept by Emmett Levy, next door to the Yarboro House.

Kearney's advice to all parties is to "pool their issues." We think a good deal as he does, that we should bury the dead issues of the past. As a healing compound for all issues, sores, wounds &c, there is nothing equal to Henry's Carbolic Salve. Beware of counterfeits.
